

## What Is A Co-op?

A food co-op is a grocery store owned by the shoppers (and by you, if you choose).

Unlike corporate chains, a co-op is completely independent and owned by the people who shop there.

## Co-ops support the community

We are passionate about giving back to our community because we believe that good food is just the beginning of what we can achieve by working together.

When you join our co-op, you're helping create a vibrant local economy by keeping your shopping dollars in our community. Plus, you're supporting local producers while enjoying fresh, delicious foods and sustainable products that are good for everyone!
